

## Sponsorship and Volunteers

With registrations for the 2010 Rugby season well underway it is again time to appeal for the generous support of sponsors and volunteers. The success of this year's rugby season will depend on the resources that can be donated by this outstanding group of people.

Each year the costs of running the Marist Rugby Club escalate and without the help of sponsors and volunteers we would be unable to maintain an environment where the Club is able to compete at the highest level.

The contributions of time and effort made by volunteers is invaluable in making sure home games run smoothly, jobs that always require an 'extra pair' of hands are:

- setting up the grounds and facilities on game day;
- helping out in the canteen; and
- Iron chefs.

The generous backing by sponsors allows for the continuing development of skills in both players and coaches and provides facilities that make a quality improvement to the game. Sponsorships are available from as little as \$350.00.

Listed below are some of the many activities that sponsorship funding assists:

- renewal of training and playing equipment;
- restocking of first aid equipment;
- training for first aiders;
- supply of jerseys;
- coaching courses;
- costs associated with travelling for competitions; and
- assistance for rugby exchange students.

By sponsoring the Marist Rugby Club you as an individual or organisation will receive recognition through the website, newsletter, annual dinner and senior teams dinner. The Marist Rugby Club also hold an annual sponsors day where the Club gets an opportunity to demonstrate their appreciation by show casing a great day of rugby and where all involved can take pride in the achievements of the boys.

The Marist Rugby Club welcomes all new sponsors and pledges its commitment to continue developing its excellent relationships with current sponsors.

Make your association with the Marist Rugby Club an active and fun one, contributing to the Club through sponsorship or volunteering will provide the fulfilment of knowing that you have been an integral part in your child's learning experience.
